## HUPP MURDER TRIAL STARTS AT CLEVELAND

Defendant Shot Friend On the Attic Stairway of Hupp Home

SLAYER'S DAUGHTER WAS A WITNESS TO THE SHOOTING

Defense Will Be That Dead Man Took Undue Liberties

(Associated Press Telegram)  
Cleveland, Feb. 28.—Both sides announced they were ready when the murder trial of Elmer Hupp, the wealthy oil operator charged with killing Charles Joyce, a traveling salesman, opened in criminal court here today. The murder took place at the Hupp home January 10. At that time, it was said by the police, Hupp returned unexpectedly from Chicago and discovered Joyce, his friend, and Mrs. Hupp in the latter's room.

Hupp trapped Joyce on the attic stairway, it is said, and shot him three times, the victim dying instantly.

One of the chief witnesses at the trial will be Consuelo Hupp, fifteen year old daughter of the slayer.

Two days after the shooting Hupp was released on \$35,000 cash bond. He immediately rejoined his wife and they declared their reconciliation was complete.

The trial, which was scheduled to commence this morning before Judge Kennedy in criminal court, was postponed until this afternoon, owing to one of the attorneys for the defense being unable to start on the case this morning.

The first witness to be called after the jury is empaneled probably will be Hupp's fifteen year old daughter, Consuelo. It is also expected that Mrs. Ethel Hupp, wife of the defendant, will be called as a witness.

It is expected that the taking of testimony will not begin until late tomorrow or Saturday morning.

County Prosecutor Doerflinger and Assistant Prosecutor Babka will prosecute the case. Attorneys W. H. Boyd and William L. David will defend Hupp.

**DEATH SENTENCE FOR AMERICANS; ASLEEP ON DUTY**

(Associated Press Telegram)  
Washington, Feb. 28.—Four American soldiers, caught asleep while doing sentry duty in the first line trenches, have been sentenced to death by General Pershing, although he has authority to carry out the sentences has referred their cases to the war department for review.

These are the first cases of the kind since the American troops went to France. One soldier has been executed there for an unexcusable offense on a French child and in his case General Pershing acted swiftly without as much as referring it to Washington.

In these cases however, some extenuating circumstances may be found for the men, tired and nerve worn by front line trench duty in a hitherto unknown manner of warfare, to save them from the death penalty at the hands of their own fellows.

President Wilson probably, in the end, will review their cases. Going to sleep on sentry duty has long been recognized as an unforgivable offense, punishable by death, and such cases, rare as they have been in the American army, have furnished some of the most absorbing incidents of its history. One of the most touching recollections which attaches to the memory of Lincoln was his pardon of a country boy, who, fagged out by the hard duty of campaigning went to sleep on a sentry post.

**ACCOMMODATIONS FOR SHIP BUILDERS BEING PROVIDED.**  
Washington, Feb. 28.—Plans for the emergency fleet corporation to provide ample living accommodations for ship yard workers are being completed today in anticipation of President Wilson's approval of the \$50,000,000 appropriation recently made by congress for house purposes.

## FIND NO BASIS FOR PEACE IN RECENT SPEECH

British Official Replies to German Chancellor In House Commons

GERMANY MUST RIGHT THE WRONGS COMMITTED

German Airplanes Are Still Active Over the American Sector

(Compiled from A. P. Dispatches.)  
No basis for peace is found in the speech of Count von Hertling by A. J. Balfour, the British secretary of foreign affairs. In making the first official reply to the German chancellor in the house of commons, he rejected the German suggestions concerning Belgium and said that the chancellor's professed acceptance of President Wilson's four principles was only "lip service."

There was nothing to indicate that diplomatic conventions with the central powers in their present frame of mind would bring a lasting peace.

To undertake negotiations unless they would lead to the righting of the wrongs committed by Germany would be "the greatest crime against the future peace of the world."

Secretary Balfour declared that Germany changed her policies to suit her needs and that Von Hertling offered no new proposals.

In their advance into Russia the Germans are meeting with more resistance and apparently they have been unable to make much headway toward Petrograd and Pskov. Petrograd is declared to be the Teuton objective in the north. Tuesday the Germans made no progress there or at least Berlin reports none, while in the south the greatest gains were made in the Ukraine. A German attempt to take Vitebsk, near the center of the front, failed before Russian resistance which forced the enemy to retire, Petrograd says.

The American sector in France on Wednesday again was subjected to an attack by gas shells, which had little effect. Tuesday two gas attacks caused five deaths and the poisoning of about sixty American soldiers. The majority of those affected by the gas are not in a serious condition. German airplanes are still active over the American front, 27 having crossed the line Wednesday. Aerial and artillery fighting on the British and French fronts is most severe. Eighteen German airships were brought down by the French and British airmen and guns, while Berlin claims to have accounted for fifteen entente machines. German airbases, railway junctions and other military targets continue to be bombed by allied airmen.

British shipping losses for the week show an increase over the previous period. Eighteen merchantmen, fourteen of more than 1,600 tons, were sunk by submarines or mines, as compared with fifteen including twelve of the large tonnage, during the week before. France and Italy lost no ships of the large tonnage and France only one vessel of less than 1,600 tons. Another Spanish ship, the Sarniero, the sixth in five weeks, is reported to have been torpedoed by a German submarine.

**BURKE APPOINTED A STATE EXAMINER FOR LICENSE BOARD**

(Associated Press Telegram)  
Columbus, Feb. 28.—Announcement was made today that the following have been appointed examiners for the state liquor licensing board at a salary of \$1,300 a year and expenses, the appointments to be effective March 1:

Charles O. Burke, of Newark; Henry L. Gall, Swanton; Francis J. Poston, Columbus; Charles Dee, Marion; John Clear, Eaton; John F. Turcholski, Toledo and Charles F. Roman, Dayton.

Mr. Burke has had previous experience as an examiner, having served for two years, making an enviable record and commanding the respect of his superiors. He was known as one of the most courageous men on the force and never lost a case. He was let out some months ago when the board changed its personnel but took a civil service examination, passing with the highest honor and heading a list of over a score. Mr. Burke will be remembered as the ex-politician of this city, who captured the two young men who held up and robbed the Granville bank of over \$5,000 last October.

**CONFERS LEGION OF HONOR.**  
Paris, Feb. 28.—The Legion of Honor has been conferred on Dr. Louis Borsch, an American resident of Paris, and formerly of Philadelphia, in recognition of his services as eye surgeon at the French military hospital of Grand Papis in the Champs Elysees. Presentation was made yesterday by President Poincaré.

In August, 1909, Dr. Borsch received the royal medal of the Italian ministry of public instruction for his work in ophthalmology.

## 'T WAS OF "MILITARY IMPORTANCE" TO HUN TO BOMB THIS CHILDREN'S HOSPITAL—ALL TOTS WERE SAVED

Dormitory of children's hospital in Paris after German air raid. It was a place of "military importance," so the German airmen in a recent air raid over Paris bombed the children's hospital. Fortunately the 200 children usually in the dormitory had been taken out and none was injured. The photo is the first in this country showing the results of this February raid.

## SUCCESSFUL RAID MADE BY ENGLISH; PRISONERS TAKEN

(Associated Press Telegram)  
London, Feb. 28.—"English troops carried out a successful raid last night against the enemy's trenches on Greenland Hill, north of the Scarpe river," says today's war office report. "Twelve prisoners and a machine gun were captured by us. English and Scottish troops also raided German positions in the southern portion of Houtholst forest and brought back twelve prisoners and three machine guns."

"The enemy's artillery was active in the neighborhood of Havincourt wood and south of the Scarpe river. The artillery on both sides was active during the early part of the night east of Ypres."

## ADVANCE OF 25 PER CENT IN THE COST OF LIVING DURING THE PAST YEAR

(Associated Press Telegram)  
Washington, Feb. 28.—Another 2 per cent added to retail prices of food from December 15, 1917, to January 15, 1918, made a total of 25 per cent, which the cost of living advanced in the year ending on the latter date.

The bureau of labor statistics today announced that eleven of fifteen standard articles increased in price from December to January. In the twelve months from January 1917 to January 1918, potatoes alone registered a decline in price being 16 per cent cheaper, cornmeal advanced 77 per cent, bacon 64, lard 53, milk 35, hens 29, butter 25, eggs 23, sugar 18 and flour 17.

Coal has also increased in price. The bureau of labor statistics today announced that eleven of fifteen standard articles increased in price from December to January.

In the twelve months from January 1917 to January 1918, potatoes alone registered a decline in price being 16 per cent cheaper, cornmeal advanced 77 per cent, bacon 64, lard 53, milk 35, hens 29, butter 25, eggs 23, sugar 18 and flour 17.

**CALL DRAFTED MEN FOR MARCH 5, 6 AND 7**

(Associated Press Telegram)  
Columbus, Feb. 28.—Fifteen hundred drafted men from Ohio will be sent to Camp Greenleaf, Fort Oglethorpe, Ga., March 5, 6 and 7, according to announcement made today by state draft headquarters. All the men will be taken from Class 1-A of the first draft.

Cleveland will send half of its quota on March 5 and the other half on March 6. Toledo will send half of its quota on March 5 and half on March 6. Cincinnati and Dayton will send their quotas on March 5. Youngstown and Akron will go on March 6 and Hamilton and Lima on March 7.

**WINDOW GLASS PLANTS TO CLOSE ON MARCH 16TH**

Pittsburgh, Feb. 28.—Glass manufacturing plants of the United States which have been in operation since Dec. 8, last, will close March 16 and the second period of operation will begin March 23, and end June 29. It was announced today by the National Association of Window Glass Manufacturers. The decision was reached at a conference held last night.

**VAST SAVINGS OF PORK.**  
Washington, Feb. 28.—Porkless Saturdays are effecting vast savings of pork. Cold storage holdings of all classes increased during January, the department of agriculture today announced. Lard stocks were increased about 10 per cent.

Frozen beef in storage and cured beef holdings also increased.

**ELECTED TO PHI BETA KAPPA.**  
Poughkeepsie, N. Y., Feb. 28.—Announcement was made today of the vassar students who have been elected members of the Phi Beta Kappa society. The senior members elected include the following Ohio girls:

Dorothy Harmon, Cleveland, O.; Amba E. Obenour, Belle Center, O.

## BAN NOT LIFTED ON INTERNATIONAL NEWS SERVICE CENSOR SAYS

(Associated Press Telegram)  
Toronto, Ont., Feb. 28.—(By Canadian Press).—"THERE IS NO TRUTH IN THE REPORT THAT THE BAN HAD BEEN LIFTED ON THE HEARST PUBLICATIONS ON THE INTERNATIONAL NEWS SERVICE," said Colonel Chambers, chief press censor for Canada, in reply to a question on this point.

"I am aware of the fact that a report of this kind has been circulated but there is not a word of truth in it. The regulations are still being rigidly enforced both in Great Britain and in Canada."

The International News Service on Feb. 25 sent out the following dispatch:

"Washington, Feb. 15.—The International News Service today was officially restored to the mails and cable privileges on all lines controlled by Great Britain, its colonies and its allies."

## RUSSIAN TROOPS ARE RESISTING THE INVASION

(Associated Press Telegram)  
London, Feb. 28.—The council of people's commissars, according to a Russian dispatch from Petrograd has issued another call to arms in the course of which it is declared German invaders are arresting the workmen and soldiers councils, shooting captured Red Guards and arming German and Austrian prisoners in the Ukraine.

The proclamation asserts that the troops at the front have now pulled themselves together and are resisting the invasion. It concludes: "May the blood spilled in this unequal struggle fall on the heads of the German socialists who are allowing the German workmen to be ranked among the Cains and Judases."

Enrollment of the new army is proceeding successfully an Exchange Telegraph says. Sossack regiments in Petrograd are being sent in the direction of Pskov and other regiments formed are marching to the front.

**POSTOFFICE AT VANATTA ROBBED; STAMPS STOLEN**

The general store and postoffice at Vanatta was burglarized last night and the robbers among other small things secured two hundred 2 cent stamps. Sheriff C. H. Swank was notified early this morning and made an investigation but found no clue as to the identity of the thieves.

**TWENTY CENT DROP IN PRICE OF EGGS.**  
New York, Feb. 28.—Thanks chiefly to the extraordinarily energy displayed by the American who during the last week the wholesale price of the highest grade of eggs, known to the trade as "fresh gathered extras" fell from 62c to 60c a dozen Saturday to the today in this market. Reductions in the prices of other grades were equally sharp.

**STOP MEXICAN SHIPMENT.**  
Havana, Feb. 28.—Loading of sugar for Mexican and Spanish ports has been stopped by order of the inspector general of the port, under instructions said to have come from President Mowal. Mexican firms have contracted for 15,000 tons of sugar here.

## KILLED IN FALL OF AEROPLANE ON AVIATION FIELD

(Associated Press Telegram)  
Lake Charles, La., Feb. 28.—Lieutenant William L. Magill, of Jersey City, a member of the army aviation corps was fatally injured and Lieutenant T. L. Colman, of the Marine corps was slightly hurt when their airplane fell 250 feet late yesterday, according to information today at Gerstner field. Lieutenant Magill died soon after at the field hospital.

The two lieutenants were engaged in target practice about 14 miles from Gerstner field when the accident occurred. Officers at the aviation camp made no announcement regarding what caused the airplane to fall. Colman escaped with a few bruises. His home address was not given.

## CLAIM GERMANS HAVE RECEIVED ORDERS TO STOP ADVANCING ARMY

(Associated Press Telegram)  
London, Feb. 28.—The German army has received orders to stop its advance into Russia, according to the Petrograd correspondent of the Exchange Telegraph company, who has received information to this effect which he regards as reliable.

When the Bolshevik government agreed to accept German peace terms last week, the commander-in-chief of the Russian armies inquired of the Germans if the previous armistice would be renewed and the German invasion halted. He did not receive an immediate reply and the German advance continued. A dispatch from Petrograd, Wednesday, said that General Hoffman, the German military representative at Brest-Litovsk, had replied to the Bolshevik communication by declaring that the German advance would continue until a treaty of peace was signed and carried out along lines laid down in the German peace terms.

## NURSES GO DOWN ON SHIP SUNK BY GERMAN U-BOAT

(Associated Press Telegram)  
London, Feb. 28.—The British hospital ship Glenart Castle had 182 persons on board, it is stated unofficially, when she went down Tuesday in the British Channel. Three parties, aggregating 38, have been landed at Swansea, Milford and Pembroke. None of the others have been heard from. The missing include about seven female nurses.

Survivors of the Glenart Castle landed at Swansea say she was torpedoed by a German submarine.

## ANOTHER STRIKE AT SHIP BUILDING PLANT

(Associated Press Telegram)  
Buffalo, N. Y., Feb. 28.—Carpenters and millwrights employed at the new victory plant of the Bethlehem shipbuilding corporation here struck here today. No question of wages is involved, the difficulty arising over a question as to which craft should be placed the electric motors on machine tools. Only about 300 men are involved but the plant which cost the government \$3,000,000 is idle.

**COMPERS WILL TESTIFY.**  
Chicago, Feb. 28.—Samuel Gompers, president of the American Federation of Labor, was expected to testify for the unions today in the stockyards labor dispute now before Judge Samuel Alschuler, as arbitrator.

The question of an eight-hour day is to be gone into further, it was announced and Mr. Gompers is expected to offer testimony on that subject.

## SELECTS FROM CAMP SHERMAN FOR OVERSEAS

Will Help Avenge American Lives Lost On the Tuscania

WILL BE ASSIGNED TO THE ENGINEER UNITS IN FRANCE

Men Will Be Selected For the Service By Competition Saturday

(Associated Press Telegram)  
Camp Sherman, Chillicothe, O., Feb. 28.—Four hundred Camp Sherman selects will soon have a chance to help avenge the loss of American lives who went with the Tuscania, when that vessel was sunk by a German U boat. Following a call from General Pershing for additional troops to be sent to the same organization the men on the Tuscania were scheduled for, authorities here were making preparations to choose and equip four hundred asked to be sent overseas as soon as they can be ready for the journey.

The selects will be assigned to active duty upon their arrival in France with engineers units, regardless of their branches of the service here. They are being chosen from all the units here, men being taken who are regarded as desirable for the service, whether they are being carried as "indispensables" or not on their organization rosters.

The war department has sent a high officer to personally help to choose the men for their new service, which will be transportation and repair work. To determine the best platform in the four infantry regiments, a competition will be held Saturday morning. From each regiment a platoon will be selected to represent each battalion with one platoon from the machine gun company, the headquarters company and the supply company. The decision in the final competition will be based on inspection of the men, manual of arms and close order drill. The judges to be designated by Brigadier General Perkins. The organization of each platoon from two or more platoons has been forbidden.

Officers who have recently detailed to take courses in the school of aerial observations at Fort Sill, Okla., will be detailed to the signal corps until the successful completion of their courses. Over a score of officers from this camp are taking courses which will fit them as observers to direct the fire of artillery from airplanes. Only the most desirable type of young officers are being chosen to take the courses.

To increase the efficiency and military appearance of the officers and men of the divisions, orders have been issued that all organizations detachments will march at "attention" with the regulation cadence of one hundred and twenty steps a minute while within the camp limits. Singing may be permitted at the discretion of the officer in command. All officers and enlisted men have been ordered to keep step and to walk in a military manner. ## FEAR INVADERS MAY SECURE SUPPLIES AT VLADIVOSTOK

(Associated Press Telegram)  
Washington, Feb. 28.—Japan's move to develop the feeling of the allies toward a proposal for joint military operations in Siberia to keep the vast stores of Vladivostok and also the trans-Siberian railway from falling into the hands of the German invaders of Russia, was widely discussed today among diplomats and officials but all were reluctant to give opinions for publication.

Opinion in London that the declaration by the Japanese foreign minister, Count Motono, in the Japanese diet could only be interpreted as a declaration that Japan was about to intervene, was regarded as further evidence of the negotiations now proceeding between the co-belligerents to make the action of an international character, probably including the participation of American forces.

While all officials here are silent and disposed to minimize discussion of the subject, it is known that exchanges of opinion are going on with the object of a perfect understanding between Japan, the United States and the other co-belligerents which would make the plan of joint action wholly acceptable to all and thoroughly define its extent and duration.

Russian representatives here oppose action by the Japanese in Siberia but the co-belligerents are thoroughly alarmed lest the vast quantities of supplies piled up at Vladivostok, bought and paid for with American cash should fall into the hands of the Germans.

## PLANS TO SAVE FOOD.

(Associated Press Telegram)  
San Juan, P. R., Feb. 28.—Final reports to the Insular food commission of food-plunge week show that 135,000 families promised to do their best to save food during the war. The total is more than half of the families on the islands.

## PACKERS SOUGHT THE CONTROL OF MEAT INDUSTRY

Congress Asked to Speed Up Legislation For Investigators

CHARGE PACKERS' COUNSEL HAS IMPORTANT DOCUMENTS

Which Were Used As Instrumentalities In Commission of Felonies

(Associated Press Telegram)  
Washington, Feb. 28.—Special and speedy legislation to "lay bare" the confidential files of the great meat packers and disclose what government investigators believe will show plans to take complete control of the meat industry was asked of congress today by the federal trade commission.

On recommendation of Francis J. Heney, special counsel conducting the commission's investigation, who has been restrained by court orders from taking further papers and also from using those already seized by his agents, the commission laid the facts before congress and asked for action.

Charging that Henry Veeder, counsel for the packers, is still the custodian of many papers which have been used as instrumentalities in the commission of felonies, Mr. Heney asked for a supplement to the espionage law to facilitate the government's inquiry into the industry.

After Federal Judge Leach of Chicago, had issued a search warrant authorizing the seizure of important documents in the possession of Mr. Veeder, the federal circuit court of appeals restrained a marshal from removing or examining any of the papers in Veeder's vault and further from examining or in any way using papers already seized by the government.

Specifically, Mr. Heney asked that congress amend or supplement the espionage act so that the "decision of a judge who issues a search warrant shall be conclusive upon the question of the existence of probable cause."

## MONEY TO CHARTER SHIPS FROM BRAZIL

(Associated Press Telegram)  
Paris, Wednesday, Feb. 27.—The chamber of deputies today voted an appropriation of 110,000,000 francs to be used in chartering German ships placed at the disposal of France by Brazil.

Foreign Minister Pichon, in supporting the measure, said it was the first transaction between the French and Brazilian governments since Brazil broke with Germany and was a genuine demonstration of Brazil's friendship toward France.

## INDIAN POET TAGORE IN A CONSPIRACY

(Associated Press Telegram)  
San Francisco, Cal., Feb. 28.—Definite connection of Sir Rabindranath Tagore, celebrated Indian poet, and high officials of the German government with an alleged conspiracy to foment revolution against British rule in India has been established, according to contentions of the prosecution, by introduction into evidence at the trial of 31 alleged conspirators of letters and cablegrams seized by British censors.

**SUICIDES AFTER ARREST FOR ROBBERY MAN WHO HAD BEFRIENDED HIM.**  
Cincinnati, Feb. 28.—Station house keepers making their rounds late at night in the police station found a man hanging from the top of a cell.

"Thomas F. Foster, 28 years old of Cincinnati," was the way the man was registered after detectives had arrested him in connection with a robbery. Letters found in his clothing indicated he might have been known as "Thomas G. Flowers, 14,014 Savannah ave., East Cleveland, Ohio."

Monday night a traveling man was robbed of a large amount of money by a man who he had befriended. The traveling man had taken the stranger to his room in a hotel and when awoke Tuesday morning his money was missing. Foster, of Flowers, was arrested.

The prisoner used his overcoat belt for a noose. As he leaped from his bunk he swung with such force that his head struck the rear of the cell, probably fracturing his skull.

**WOULD DRAFT ALIENS FOR AGRICULTURAL AND MANUFACTURING WORK.**  
Washington, Feb. 28.—The Allen slacker bill barring from citizenship and authorizing the deportation of aliens of draft age who claim exemption from military service was transferred today to the senate after having been passed by the house last night by a vote of 344 to 21.

The bill also authorizes the drafting of aliens for agricultural and manufacturing work.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr.  
Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

## FINE ADDRESS OF FATHER CAHILL AT ST. FRANCIS CHURCH

Father Ripple again spoke on the Hourly at St. Francis de Sales last evening and after explaining its meaning called upon all present to rectify it with him for three intentions:

First. For those who have not yet attended the mission; second, for the success of the mission; third, for the Stars and Stripes, that our boys may all come back victorious.

Father Cahill delivered the principal address of the evening. He spoke on "Blasphemy and Swearing."

How dear to the manly heart is the name of a loved one, particularly if that name recalls the memory of a dear one. One who sacrificed every pleasure, every comfort for the sake of the person loved. The name becomes great according to the person it denotes, mother.

At the very name all that she has suffered for us comes back to us. We love that name we cherish it. We love the name, we cherish its memory. Great love and respect we should have for those that are our friends and benefactors, and for the name of one who has proven himself our greatest friend, our greatest benefactor.

I mean the Great and Godly name of Jesus our Saviour, and now as to its consolation this sacred name is a titlet of suffering of death, is to us a titlet of love, it is our joy our hope and consolation.

He then explained in detail Jesus in the Garden of Gethsemani, how our Lord prayed, and how Judas betrayed him by a kiss. He further explained the trial of Jesus Christ before the high priest, and stated that Herod was one of the most impure men in his time. Going further he told of the confusion and the terrible scots and insults that Jesus had to endure while hanging on the cross.

As he hangs there he takes one look over the crowd hoping to find some one, but sees only the hate of Hell itself and crying out says, My God! My God! why hast thou forsaken me. Now why will the men of today curse and blaspheme the name of your mother, your father, your friend, no, but you will blaspheme the name of Jesus Christ who died for us. Men today are so given to cursing and blaspheming that they cannot give you the direction or tell a story without cursing or blaspheming. There is no sin man is less ashamed of than this, and let me say right here and now that blasphemy in itself is one of the worst sins man can commit because it is an insult hurled at the majesty of Christ.

## SELECTS FROM CAMP SHERMAN FOR OVERSEAS

(Continued from Page 1.) must be buttoned up and uniforms worn properly at all times from now on.

Despite the fact that the contagious disease situation is so much improved as to warrant the lifting of the blanket quarantine on the camp, eight additional organizations were reported quarantined today for scarlet fever as against five released from isolation. The new companies, 3229th infantry; company A, 319th Field signal battalion; company D, 322nd Machine gun battalion; company E, 323rd Machine gun battalion; Battery C, 322nd light field artillery; company E, 308th Ammunition train and the field hospital of the 332nd infantry.

The organizations released from quarantine were the headquarters company of the Fifth training battalion; company I, 330th infantry; company D, 324th machine gun battalion; company D, 403rd Telegraph battalion and the headquarters detachment of the 308th sanitary train.

## GUILTY OF ATTEMPT TO BLACKMAIL THE MAYOR OF ATLANTA

ASSOCIATED PRESS TELEGRAM.  
Atlanta, Feb. 28.—Mrs. Margaret Hirsch, indicted jointly with J. W. Cook, who was convicted yesterday of attempted blackmail of Asa G. Candler, millionaire mayor of Atlanta, will not be tried this week. This announcement was made today by Solicitor General John Boyken who also stated attorneys for the prosecution and defense would meet next week to decide when the case shall be set for trial. Counsel for Mrs. Hirsch are urging that the case be heard in April but the prosecution has not yet agreed.

Cook remained in jail today and his attorney said arrangements for his bond of \$3,000, pending hearing of his appeal, would be made later.

ASSOCIATED PRESS TELEGRAM.  
Atlanta, Ga., Feb. 28.—Mrs. Margaret Hirsch, accused of attempt to blackmail \$500,000 from Asa G. Candler, Atlanta's 67 year old multi-millionaire mayor will be placed on trial here tomorrow, J. W. Cook, a local real estate man, indicted with Mrs. Hirsch, was convicted yesterday of a similar charge and sentenced to serve a year on the chain gang and pay a fine of \$1,000.

Cook's conviction came after a trial of eight hours, the jury deliberating less than one hour. Witnesses for the prosecution gave testimony to show Mrs. Hirsch, who Mayor Candler said he had met through her charity work activities, visited Mr. Candler's office, ostensibly to discuss the work. While she was talking with him in his office Mr. Candler said she turned suddenly and exclaimed that some one was watching from the window. When he went to investigate, he told the jury, she removed her hat and Cook entered the door and said:

"Our honorable mayor, this is nice."

Forest Arair, a real estate man who aided the mayor in investigating the matter, testified that at a conference Mrs. Hirsch asked for \$500,000 for herself and \$5,000 to pay her husband's debts. Cook denied he had ever asked for money. He said he once saw Mrs. Hirsch and the mayor in a compromising position.

## A REAL HAIR SAVER AND BEAUTIFIER

Found at Last—Shows Results at Once

Here's good news for men and women whose hair is falling out, who are growing bald, whose scalps are covered with dandruff and itch like mad.

Any good druggist can now supply you with the genuine Parisian sage that is guaranteed to quickly stop loss of hair, promote a new growth, entirely banish every trace of dandruff and itching scalp, or the cost, small as it is, will be refunded.

Thousands can testify to the excellent results from its use. Some who feared baldness now have abundant hair, while others who suffered for years with dandruff and itching head got a clean, cool scalp after just a few days' use of this splendid treatment.

No matter whether bothered with falling hair, gray hair, dandruff or itching scalp, try Parisian Sage tonight. You will not be disappointed. There is nothing so good for any form of hair trouble. It's easy to use, delicately perfumed, and will not color or streak the hair. W. A. Erman will supply you and guarantee money refunded if not satisfied.—Advertisement.

## ARCADE HOTEL GIVEN A BOOST IN "EVERY WEEK"

The current number of "Every Week" magazine (The Crowell Publishing company, New York) contains an article of local interest by Albert Sidney Gregg.

Mr. Gregg, writer and public speaker, had occasion to visit Newark a few months ago and while here stopped at the Arcade hotel. He was so well pleased by the ser-

JESSE R. WALTERS

vice and became so interested in the story of the development of the Arcade that he questioned Landlord J. R. Walters closely and then he wrote his magazine article which bears the caption "How Courtesy Helped a Hotel Man."

Mr. Gregg after referring to the Arcade as a whole and describing some of its features compliments Mr. Walters upon the way he conducts his hotel and upon his treatment of patrons. While the whole story is interesting it is at the same time the very best kind of an advertisement for Mr. Walters and his hotel as Every Week has a wide circulation all over the United States. Concluding his article Mr. Gregg quotes Mr. Walters who told of the success he has had and added: "Mr. Walters is a member of the Newark Chamber of Commerce and active in the civic enterprises of Newark. He is also prominent in the hotel men's organization of his state and is popular among commercial travelers, many of whom make it a point to get around to Newark for Sunday."

## PACKERS SOUGHT THE CONTROL OF MEAT INDUSTRY

(Continued from Page 1.) cause, and that a summary proceeding already provided by the statute for the determination of the question of whether the property seized under the writ was used for the commission of a felony shall likewise be conclusive for the purpose only of enabling the court to retain such property in the custody of the law until the purpose for its seizure shall have been served.

The action of the appellate court in issuing the stay, said Mr. Heney, examining papers already in its possession, prevented the government from even session and which a federal district court had found had been used "as the means of committing felonies by Swift & Co. and other corporations."

In its letter to Vice President Marshall, as president of the senate, the federal trade commission, describes this question: "To be of such vital importance to its work and possibly the work of other departments of the government as to require its calling the matter to the attention of congress."

Counsel Heney in his letter declared that Mr. Veeder at the beef trust trial in 1912, after the statute of limitations had expired, had testified that for many years his office was the clearing house for the five big packers in a criminal conspiracy which they maintained for the fixing of prices and the control of the meat industry.

"The evidence which we have gathered in the present investigation," continued Mr. Heney, "strongly tends to prove that this conspiracy with some slight modification to its scope and purpose has continued in existence ever since, and is still active and that Veeder is still the custodian of many papers which have been used in the pursuance thereof as instrumentalities in the commission of felonies."

The Swift, Armour, Morris, Wilson and Cudahy Packing companies are specifically mentioned in the alleged "commission of felonies."

A Stubborn Cough  
Loosens Right Up

This home-made remedy is a wonder  
for quick relief and  
cheaply made.

\*\*\*\*\*

The prompt and positive action of this  
simple, inexpensive, home-made remedy  
in quickly healing the inflamed or swollen  
membranes of the throat, chest or bron-  
chial tubes and breaking up tight  
coughs, has caused it to be used in more  
homes than any other cough remedy.  
Under its healing, soothing influence,  
chest soreness goes, phlegm loosens,  
irritation becomes easier, tickling in  
throat stops and you get a good night's  
restful sleep. The usual throat and  
chest colds are conquered by it in 24  
hours or less. Nothing better for bron-  
chitis, bronchocroup, croup, whooping  
cough, bronchial asthma or winter  
coughs.

To make this splendid cough syrup,  
pour 2 1/2 ounces of Pinex (60 cents  
worth), into a pint bottle and fill the  
bottle with plain granulated sugar syrup  
and shake thoroughly. You then have  
a full pint—a family supply—of a much  
better cough syrup than you could buy  
ready-made for \$2.50. Keeps perfectly  
and children love its pleasant taste.  
Pinex is a special and highly con-  
centrated compound of genuine Norway  
pine extract, and is known the world  
over for its promptness, ease and cer-  
tainly in overcoming stubborn coughs  
and chest colds.

To avoid disappointment ask your  
druggist for "2 1/2 ounces of Pinex" with  
full directions, and don't accept any-  
thing else. Guaranteed to give absolute  
satisfaction or money promptly refunded.

"The Second Coming of Christ."

The recent occupation of Jeru-  
salem by the British has awak-  
ened interest in the prophetic scrip-  
tures, and what they teach concern-  
ing the return of Israel to Palestine,  
and the Lord's second coming. Next  
Sunday evening at 7 o'clock, F. E.  
Holloway, who is temporarily sup-  
plying the pulpit of Plymouth Con-  
gregational church, will speak on  
"The Second Coming of Christ and the  
Restoration of Israel in the  
Promised Land." It is well-known  
that Chaplain Holloway holds to the  
pre-millennial views of the Lord's  
coming, and the national rehabilitation  
of Israel, and on this occasion  
will assign some of the reasons for  
his belief. All are invited to this  
service.

**WOMAN'S DEVOTION TO HOME.**  
Home duties to many women appear more important than health. No matter how ill they feel, they drag themselves through their daily tasks, overdo and pay the penalty in headaches, backaches, dragging-down pains and nervousness; they become irritable, and finally discover that some form of female complaint has fastened itself upon them.

When a woman gets into this condition there is one tried and true remedy made from the roots and herbs of the field, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has continued its great work among women in restoring health after many other remedies have failed.

**Simple Way to End Chafing.**  
Of the face and hands and add much to your personal appearance and comfort is by the use of Sheer-an's Cream of Quinacene. **MANUFACTURING OF RUBBER TIRES PROVING PROFITABLE**

INVESTORS READILY REALIZE FUTURE POSSIBILITIES OF INCREASED DEMAND OF AUTO TIRES.

Rapid Progress Made In Last Few Years.

Perhaps no branch of business has made greater or more rapid progress in the past few years than has the automobile tire and rubber industry. The ever increasing demand for the automobile both for pleasure and commercial use has afforded unusual opportunities for rapid advancement in the rubber tire manufacturing business. Auto tire factories which a few years ago were started with small capital and a small force of labor, in almost the twinkling of the eye, have developed into industries worth millions. Naturally the wonderful progress that has been made, has brought men to realize the unlimited possibilities that have been offered in the manufacturing of tires and rubber accessories and they have used their money freely in purchasing stocks, which in a few short years have doubled many times in value.

The automobile has become a necessity and is no more looked upon as a luxury. It is fast assuming a place among the foremost transportation facilities in the world and its services at the present time and in the future are indispensable. The present tie up of the great railroad systems on account of the tremendous car shortage has revealed to us more than ever possibilities of development of the automobile industry that were not thought of a few years ago.

Trucks are now used in the transportation of food, coal and other necessities from one city to another and in some cities the postal department has placed them in use for the transferring of mail to cities from fifty to one hundred and fifty miles distant. The war demands upon the automobile and auto truck have been tremendous, thousands of motor trucks are in daily use on the battle fields of Europe.

The returns from the tire making industries show that it has proved one of the most profitable investments of the age, and that the possibilities today are exceptionally attractive for money making. Figures show that \$1,000 invested a few years ago in the Kelley Springfield Tire Co., has by receipt of stock dividends increased in value to \$51,100. The B. F. Goodrich Tire Company stock has increased in the same manner until now the original investment of \$1,000 in this company has increased to the enormous sum of \$695,000. These are undisputed facts and are well worth considering. Only a short distance away in the city of Coshocton a little more than two years ago a tire and rubber industry, now known as The Midland Tire and Rubber Company, was organized and has been actively engaged in the manufacturing of automobile tires ever since. The company has been doing a splendid business and is proving a profitable investment to its stockholders. Recently the demand for tires has become so great that they have decided to offer to the public at least \$50,000 of their first preferred stock so that they will be in position to care for their large and growing demands.

At this time there are pending orders for tires that will total nearly \$500,000 in the course of the year, in addition to their regular business. For instance, one dealer wants to contract for 200 tires daily.

The company is capitalized at \$500,000 divided as follows: First preferred stock \$150,000; second preferred stock, \$75,000, and common stock, \$275,000.

The first preferred stock is cumulative, bearing seven (7%) per cent interest per year, payable semi-annually, is preferred over all other stock of the company both as to dividends and assets, and is redeemable after January 1st, 1922, at \$110.00 per share.

The sale of stock has been decided upon so that they will be in position to increase their out-put and thereby secure the business which under present conditions they are unable to care for. The policy of the company is to buy for cash and sell for cash, no tires are sold on time contracts but for cash only and all orders are filled c. o. d. This method enables them to keep their money in constant use which means stockholders have the assurance of the best returns on their investments.

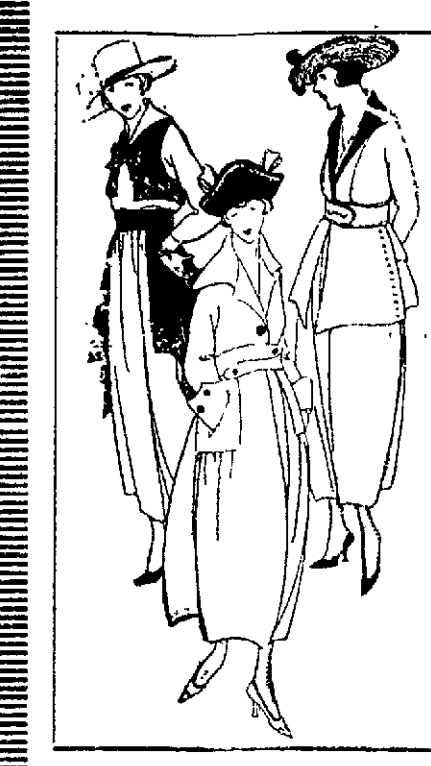

Mr. F. W. Arnold of Coshocton, assistant sales manager of the company and also a stock holder, is in Newark for a few days and has the stock for sale.

With each share of first preferred stock is given a liberal common stock bonus. This common stock is now held at par and should soon be worth several times its present value. Those investing now will be given their first dividends July 1st for the time they have owned this stock.

The Midland Tire and Rubber Company is advantageously located in Coshocton just opposite the East Coshocton station of the Wheeling & Lake Erie railroad. The buildings contain 42,000 square feet of floor space with about three and one-half acres of land additional on which new buildings can be constructed when needed. Its machinery for the manufacturing of tires is of the best and most modern type, and is electrically driven by individual motors. Coal is transported to the factory by wagon or motortruck from mines near by. The Company manufactures the "Peerless" a medium priced non-guaranteed tire which sells for cash and is always in great demand. This tire has been on the market for nearly a year and has thoroughly proven its merits. Orders are being duplicated rapidly. They also manufacture the "Ben Hur" a high grade tire equal to any made and possessing a decidedly attractive non-skid design.

The proceeds from the sale of stock will be used to purchase \$20,
